MEGA MOMENTS!

EPISODE 12

Episode title
The Pandorica Opens

What happened?

The Doctor's friends united to send him a terrible warning about the Pandorica.

Any creatures?

All of them! The Doctor was horrified when his deadliest enemies ganged up to trap him in the Pandorica.

MEGA MATES

It was amazing to watch all the Doctor's friends work together to deliver **Vincent's painting** of the TARDIS. And it was great to see Liz 10, Bracewell, Churchill and River Song again.

MEGA COOL

The Doctor looked **unbelievably cool** when he was laying down the law to the huge army of spaceships above Earth!

MEGA CHASE

Poor Amy's first meeting with a Cyberman nearly ended up with her becoming one! The **Cyber bits** tried to use her as a donor by attaching themselves to her body. Yuck!

DID YOU SPOT?

There was a **Uvodni** lurking at the Pandorica, too. Sarah Jane Smith and her friends met these **freaky insect men!**

AUTONS

SONTARANS

JUDOON

CYBERMEN

SILURIANS

SYCORAX

THE PANDORICA IS READY!

THE DALEKS ARE BACK!

MEGA MONSTERS

Aargh! Have you ever seen such a terrifying sight as all the Doctor's worst **enemies, gathered in one place?** There were Daleks, Cybermen, Autons, Judoon, Sontarans, Sycorax, Silurians, Weevils, Pilot Fish and a Hoix!

WILL AMY BE OK?

MEGA SHOCK

We couldn't believe our eyes when Rory returned, dressed as a **Roman soldier**. But there was an even bigger shock when this version of Rory turned out to be an Auton, and then shot Amy!

EXCLUSIVE SECRETS

This week, Matt Smith reveals secrets from filming *The Lodger*!

My DIARY

by Matt Smith

I support Blackburn Rovers - best team in the land!

MARCH 2010

Funny friends

There were absolutely loads of giggles when we filmed this episode. James Corden, who played Craig, is a hoot! And Daisy Haggard, who was Sophie, is a right laugh. They'd both make great companions!

James was impressive on the pitch - good feet, quite tricky!

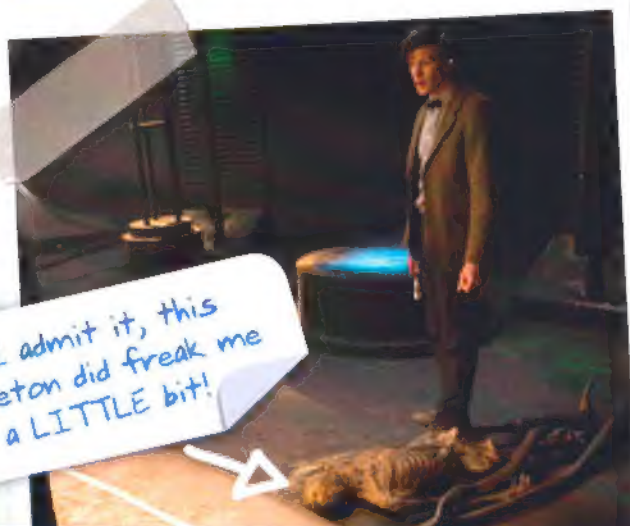

Footy practice

This was one of my best days of filming yet - I got to play footy all day, score all the best goals and generally be the Doctor, but as a footballer!

On-set scares

A lot of people ask me if I get frightened when I'm filming all the horrible, scary scenes in the show. The answer is no, because I'm the Doctor! I'm never scared!

OK, I admit it, this skeleton did freak me out a LITTLE bit!

Being human

This is Danny, who sorts out all the bangs on the show. He's about to blow something up!

I loved getting to do all the human things like taking a shower and drinking milk. We never usually get to see the Doctor do that. I'd rather live in space - the Doctor is sort of a flatmate anyway, as he shares the TARDIS with Amy.

Missing Karen

It was weird making this episode without Karen, as she was stuck in the TARDIS so I didn't see much of her. I really missed having her around, she's soooooo funny!

Poor Kaz, all on her own!

ASK MATT!

Reader **JOEL GAMBLE** asks:
"Who is your favourite footballer, and why?"

 **Matt says:** "Stuart Pearce - hard-tackling, great left-back for Forest. He scored that penalty in Euro 96 and made the best goal celebration ever!"

The team set up loads of special effects.

THE DOCTOR

Rory's back - but he's made of living plastic! Lost? We explain it all...

Who are the AUTONS?

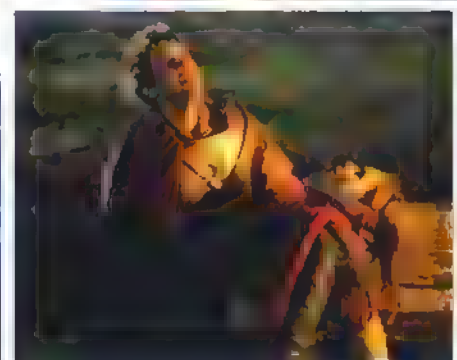

plastic duplicate

Autons are controlled by thought signals from the **Nestene Consciousness** - psychic energy that can possess any type of plastic. It has created Rory and the Romans as part of a plot to **capture the Doctor**.

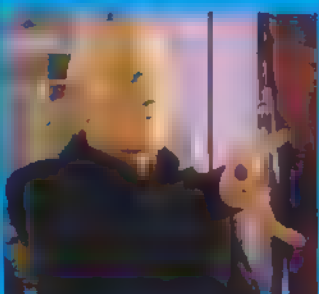

invade Earth

The Nestene Consciousness has tried to **invade Earth** several times, but the Doctor has always stopped it. This time, however, it's different. The Doctor has been captured, and the Autons are in control.

Auton Rory thought he could **resist** the Consciousness to stay with Amy - but it still had control of his gun, and **Amy's been shot!** Will she survive? And will Rory **remain an Auton** forever?

WHAT DO YOU THINK OF THE AUTONS?

AUTONS ATTACK!

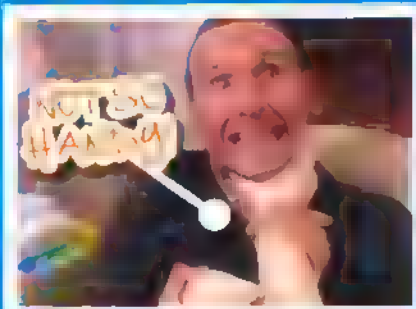

Watch out - there could be Autons lurking anywhere!

SHOP HORROR!

It was the Third Doctor who first met the Autons, when London's shop dummies and mannequins came to life.

ARM ALERT!

The Fourth Doctor was nearly strangled when he was hunted down by an Auton man with a very strong grip.

BAD BIN!

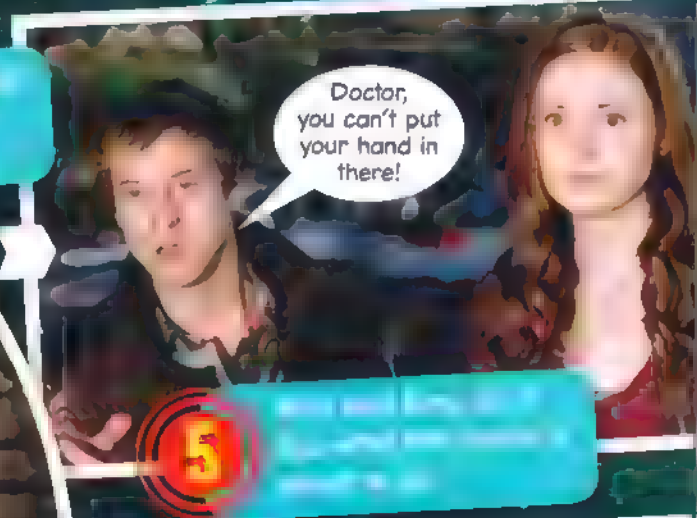

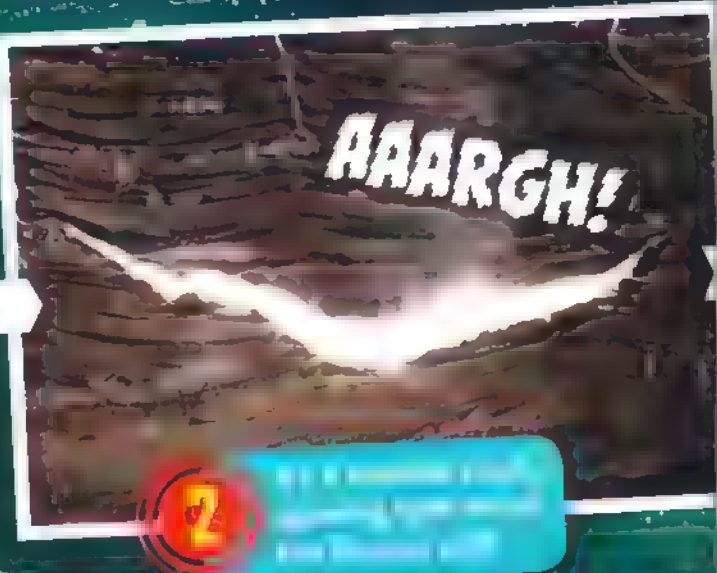

Mickey Smith was taken by an Auton who stole his body, then replaced with an identical plastic copy of himself.

THE STRAY

THE
DOCTOR
AND AMY
IN...

Hello, *Betty*!
Haven't seen you
for a couple of
weeks.

No, I've not
been well. I'm only out
today to get my *hair
done* before Mary's
birthday.

GRRRR...

You got
a new dog,
then?

Now, we've
got *ages* before the
hairdresser's - let's
have a walk through
the market.

Maybe I'll
get you some
treats, Pookie!

He's a *stray*.
I was going to take
him to the shelter, but
he's so sweet I think
I'll keep him. *Come
on, Pookie!*

**SNIFF
GRAH**

SNARRRRL...

Excuse me!
A moment of your time?
I'm from the *RSPCA* and
wondered if I could ask you
a few questions about
your, er... *dog*?

SNIFF

MAX'S
MEAT

He's very
well treated, if
that's what
you mean.

I'm sure
he is. What *sort*
of dog is he?

CHOMP
CHOMP

RRR?

Well, he's a
Yorkshire Terrier,
-sn't he? Anyone
can see *that*.

Right... What
would you say if I told you
Pookie is actually a *parasitic*
Kera-Bera Beast, who has
somehow got stranded
on Earth...

GRRRRRR

... And is projecting
the *illusion* that he's a dog in
order to get close to you and
gradually *drain your*
life energies? Er,
down, boy!

Ha-ha! You've been
watching too much *felly*,
lad. Anyway, don't worry,
he doesn't bite - he's just
a bit *nervous* around
strangers.

Come on, Pookie -
let's find ourselves
a *cake*. Still half an
hour until the
hairdresser's.

Excuse me.
Which way is the
hairdresser's?

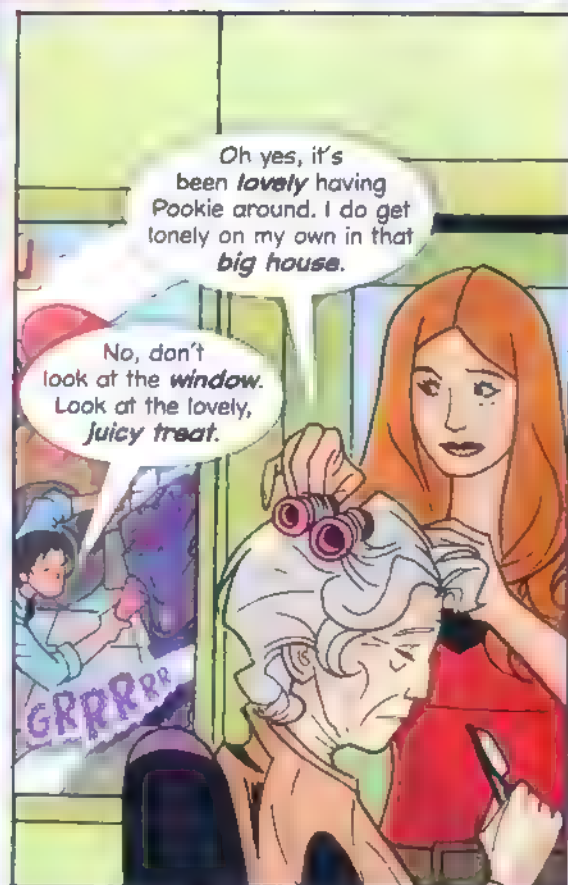

Good boy.
You wait here.

LATER...

Ooh. You're
not the
usual girl.

Er, no!
Lauren's off. Day trip
to Scarborough.
I'm Amy - please
take a seat.

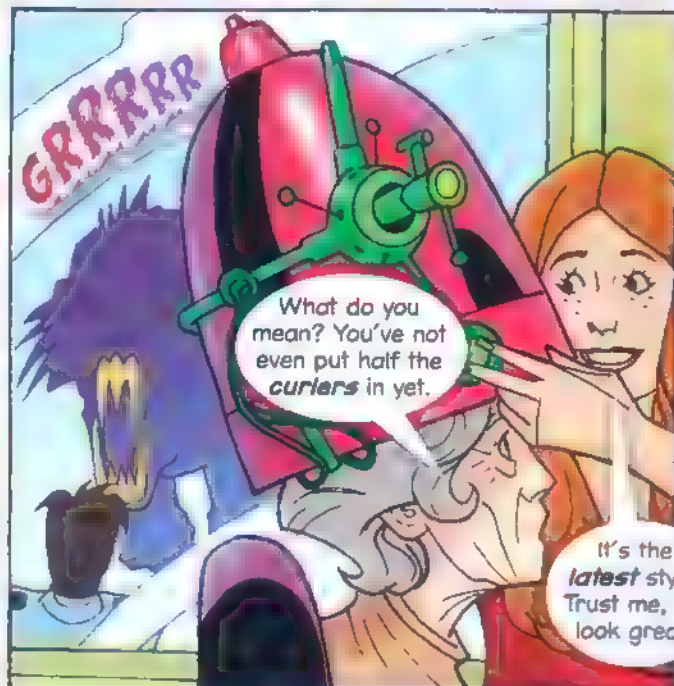

Oh yes, it's
been lovely having
Pookie around. I do get
lonely on my own in that
big house.

No, don't
look at the window.
Look at the lovely,
juicy treat.

Although I
haven't been feeling well
lately. Maybe I should see
the doctor...

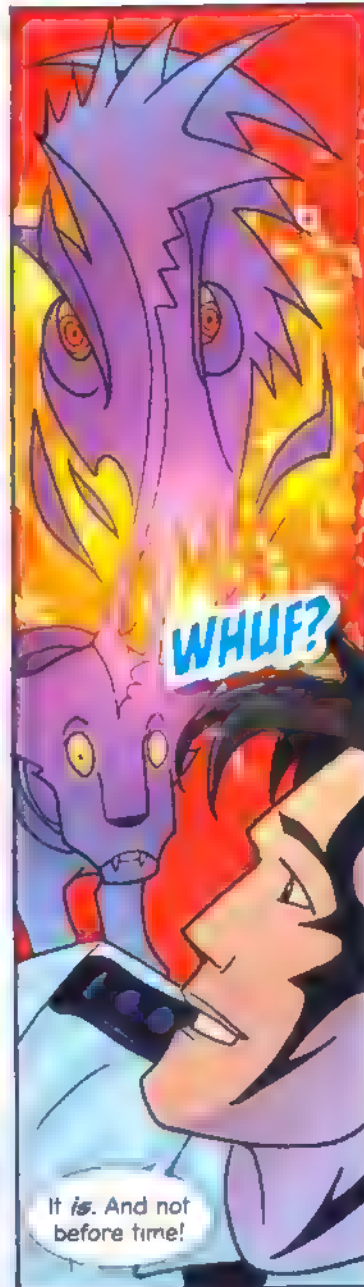

Er, let's get
the dryer on this,
shall we?

What do you
mean? You've not
even put half the
curlers in yet.

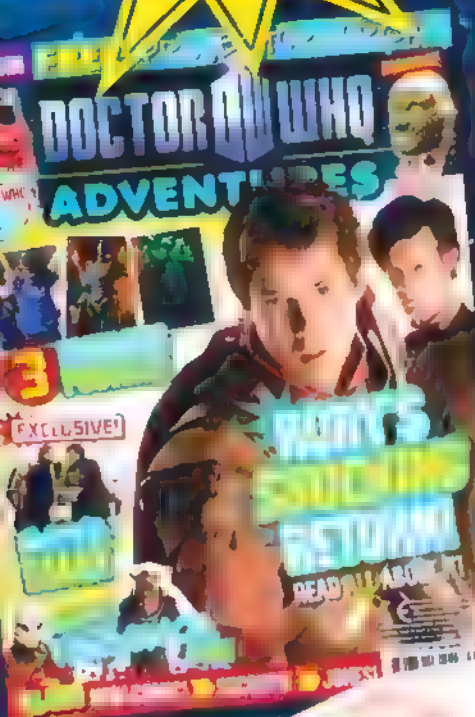

It's the
latest style.
Trust me, it'll
look great!

BEHIND THE MASK!

Doctor Who monster maker Rob Mayor tells us how the scaly Silurians were created!

"The original Silurians were people in rubber suits. Our first design was similar – but they would have had remote-controlled features!"

ORIGINAL SILURIAN

"We eventually went for a more human look, with sculpted face pieces so every tiny movement could be seen."

"The prosthetic face masks are made using exact moulds of each actor's face. This one is Eldane."

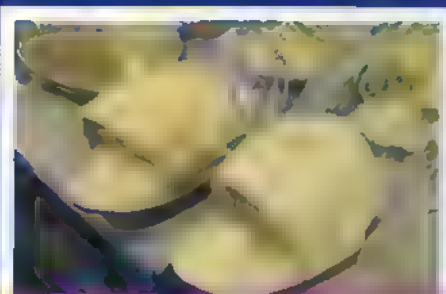

FACE FACT!

"Alaya and Restac were played by the same actress. We added different markings to the basic face."

STEP BY STEP!

Making the masks!

1

"We take a face cast of each actor so the masks fit perfectly on to their faces."

2

"All the monster details are sculpted on to a copy, then we create two moulds."

3

"A special gel is squeezed between the monster mould and human mould."

4

"The masks can only be worn once, so we make one for each day of filming."
